MARYVILLE AGREED UPON FOR HOME

OF NEW MERGED ASSOCIATION OF STANDARD AND AMERICAN.

CONFERENCE OF BOTH BOARDS HELD MONDAY

Standard Record Will Now Wage a Campaign for Consolidation—The American Ready for Action.

Maryville will be the home of the new merged association of the Standard Poland-China Record association and the American association, according to an announcement made today by W. B. Gex, president of the board, and Ray Davis, secretary of the board of the Standard association.

This point was agreed on at a conference of the Standard board with the American board of directors at Des Moines, Ia., Monday, when consolidation of the two associations was discussed. Many members of the Standard board thought by having the location settled, that it would stand a better show of receiving the two-thirds vote necessary for consolidation. The fight against consolidation from many of the Standard members in this county has been due to the fact that they believed the new association headquarters would not be located in Maryville.

The American association is ready to take action on consolidation, and over two-thirds of their members have expressed themselves as favorable. That association has been waiting on the Standard.

A determined effort will now be made by many members of the Standard for consolidation, and their campaign will be waged on the fact that the headquarters of the new association will be located in Maryville. As the annual meeting of the American association is to be held about December 1, it is hoped action by the Standard will be taken before that time.

It is necessary to have two-thirds of its members for consolidation before anything can be done, and many were of the opinion that it would go through in its present form. The Commercial club is expected to co-operate with the Standard board in this campaign, as by having the headquarters of the new association here would mean a great deal to Maryville.

There are 1,282 members of the Standard and about 2,100 members of the American. The American has $37,000 in assets while the Standard has $22,000. The working force of the American at headquarters now numbers seven, and the new association would probably have in its employ from ten to twelve people all the year.

Much of the credit of Maryville being definitely selected as the home of the new association is due to Messrs. Gex and Davis. Some preferred Omaha and a few Kansas City, but a large majority thought Maryville the best place on account of having a new building here for their home, and then being in the center of the hog industry. About 90 per cent of the members of the new association lived in Missouri, Kansas, Nebraska and Iowa.

It was also agreed on to hold the annual meetings of the new association at Chicago during the International show, as more of a representation of the membership would probably attend then than at any other time.

Dr. Lester West of Chicago, who has been visiting his parents in Hopkins, came to Maryville today for a visit with County Superintendent Bert Cooper. Dr. West and Mr. Cooper were schoolmates in the Maryville Seminary.

MINISTERS IN CONFERENCE

25 Methodist Pastors Are in Attendance at District Convention in Burlington Junction.

About twenty-five ministers are in attendance at the district conference of the Maryville district of the Methodist Episcopal church, which began at 8 o'clock last night. The music for the evening was furnished by the Missouri Wesleyan quartet, and the address was made by the Rev. H. R. DeBra, president of the Missouri Wesleyan college, at Cameron. Dr. A. H. Long of St. Joseph also gave an address.

At the morning session the devotions were led by Clarke Baker, and these were followed by a business session. Dr. Burris of Maryville led the discussion on 'Conference Legislation," and E. L. Robinson discussed "The Financial plan." During this session it was decided to select a committee on district evangelism, which will have for its purpose an aggressive fight to support and maintain the weaker churches of the district. The members chosen on this committee were: Dr. W. F. Burris of Maryville, A. C. Brown of Stanberry, E. L. Robinson of Westboro, Lane Douglas of Mound City and A. L. Sample of Burlington Junction.

The final session will be held this afternoon.

BULGARIA MUST GO

RUMANIA DEMANDS EVACUATION OF SERVIA BY ENEMY.

BULGARIANS TAKE FORTS

Roumanians Sweeping Upon Hungarian City—Russian Officers Take Charge of Campaign.

Special to The Democrat-Forum.

Saloniki, Aug. 30.—Rumania sent an ultimatum to Bulgaria, demanding the evacuation of Servia, according to information received here today.

Roumanians Capture Stronghold.

London, Aug. 30.—It is persistently reported that the Roumanians have captured Rothenthu-Rmpass and that the Roumanian cavalry is sweeping upon the Hungarian city, Hermanstadt. A central news dispatch of today says that picked Russian officers are joining the Roumanian general staff and are to assist in directing operations.

Bulgarians Occupy Forts.

Saloniki, Aug. 30.—On the twenty-mile front from the port of Kavala to the railway center, Drama, the Bulgarian troops have occupied all Greek forts, according to an official statement issued at the Allies' headquarters today. This indicates a steady advance by the Bulgarians on the Anglo-French right wing, but on the left the Serbians continue progress toward the Veterick front.

German Attempts Failed.

Paris, Aug. 30.—After frustrating the German attempts to recapture Fleury on the Verdun front the French delivered counter attacks in that section last night, which gained them new ground. The attack was delivered under difficulties, for there had been severe storms on the Verdun front which hampered the artillery activities.

The fresh attempts of the Bulgarians to dislodge the Allies in Macedonia have been repulsed, the French war office announced today. A strong Bulgarian attack was made in the section of Ostro, but it broke down under the fire of the Allies' guns.

Bad Weather Hinders Fight.

London, Aug. 30.—Bad weather still hindering the operations on the Somme front, but there were some minor engagements last night.

Russians Capture More Points.

Petrograd, Aug. 30.—The Russian forces have captured more Austrian positions in the Carpathians west of Nadvorn-Anow, seventeen miles from the Bulgarian border.

MANY STATEMENTS FILED.

Sawyers Spent $43.45 in His Campaign, Sayler $11.80, Schmidt $21.75.

Many of the candidates at the primary election held August 1 are filing campaign expense accounts as required by law. W. G. Sawyers spent $43.45 in his campaign, J. H. Sayler $11.80, Christian Pleas Schmidt $21.75, and Edward McMillan $5.00, being for the filing fee.

The statement of Gabe Purcell was for $50, $30 for advertising and $20 for cigars. Elihu Busby spent $26 in his campaign.

MANY GLOWING REPORTS

Predicts a Sweeping Democratic Victory—The Republicans Raising a Big Slush Fund.

(By W. C. Van Cleve.)

Washington, D. C., Aug. 28.—Congressional people generally began packing their trunks Saturday with a view to an early getaway from Washington. The word went down the line that the finish would come next Friday. The Democratic whips had sent for all absentees so as to have a quorum here Tuesday, when it was proposed to finally dispose of the ship purchase bill. The revenue bill was to be passed by the senate, other necessary legislation was to be rushed through and the remaining unfinished business was to go over until December. The clouds of uncertainty were breaking away and a great light had burst through.

But a day's developments here are about as easy to forecast as the winners at the races. The best laid plans "gang aft aglee," just like the day's dope on the ball game. There is talk now that the president will invoke the aid of congress in settling the railroad strike, and now comes also Mr. Owen of Oklahoma and cites the senate to show cause why it should not pass a corrupt practice act at this session of congress.

He may get the bill considered, notwithstanding the great anxiety of members to get away and go to their homes, and thereby hangs a tale. There doesn't seem to be a chance to secure its passage before November, but he may succeed in getting it up and fixing the responsibility for its failure. Many of the Democratic senators have recently come to think that the effort is worth while. Senators Stone and Reed are among them.

They have come to believe that we are on the eve of the most thoroughly commercialized campaign the country has seen in twenty years. Republican leaders in the senate have made much ado about the immigration bill. It seems to be their bogey man. They are not so concerned about the immigration bill, but they wanted to kick up enough dust to hide the corrupt practice bill. The scheme had about succeeded when the feline slipped out of the bag.

From all over the country, east, north, west and south, come glowing reports indicating a sweeping Democratic victory. The people, loving peace and prosperity, are for Wilson but from the inner circles comes the word that the money of the country is against him. He has been branded as an enemy of the special interests, and they propose to heave not stones, but boulders in his way. They do not care especially for Hughes, but they are against Wilson. They have decided he is not to be relied on when they want special favors at the expense of the people. He seems to have settled on suffrage as a leading issue, and the old party, in its disappointment and desperation, is turning to its old comrades, the special interests, to lead it out of the wilderness and rescue it from the slough of despond.

A certain leader in financial circles is understood to have subscribed a hundred and fifty thousand dollars to help the cause along and another one hundred thousand dollars. Thus it is proposed to raise a fund that will make the Democratic exchequer look like a Canadian dime with a hole in it. It will be dumped into the close states They will make a tremendous effort to defeat Wilson and, failing in that, they will attempt to pull his teeth by capturing one or both branches of congress.

The vast amount of profits accruing to certain interests during the past two years, instead of satisfying them, has only given them an appetite for more, and they are looking ahead to a revelry of favor and a riot of profit after the war beyond the dreams of former years. Some senators propose, if possible, to see whose hand stays the enactment of a law insuring an honest election.

So they propose to raise the biggest slush fund since the days of Mark Hanna, and they don't want to be hampered in their expenditures by additional laws. Men of the Penrose type believe in winning. They do not propose to stand on the order of winning, but to win, if it be in their power. They realize the popularity of the

AN EMBARGO ORDER

LOCAL AGENTS OF THE RAILROADS RECEIVE NOTICE.

WILL REFUSE FREIGHT

Unless Subject to Owner's Risk—Warn Passengers About Taking Long Trips Now.

W. E. Goforth, agent of the Burlington, has received a notice from the general offices of that road placing a general embargo on live stock and all perishable freight which would not reach its destination by the evening of September 2. The order also states the railroad company will not take responsibility on other freight shipments.

The threatened railroad strike is responsible for the order, and it will remain in effect until further notice. The measure was taken as a precaution.

Mr. Goforth stated the notice did not mention about warning passengers intending to take long trips. Some railroads, however, are advising passengers not to take long trips just at the present time.

The Wabash here also received an order from their general offices similar to the order sent out by the Burlington, declaring an embargo on live stock and perishable freight which would not reach its destination by Sunday morning, September 3.

The strike has been ordered to begin at 7 a. m. on Labor day, next Monday. Unless a settlement satisfactory to the labor leaders is reached before that time or unless President Wilson and congress find some way to prevent it, the strike would start that day without further notice.

All Brotherhood Men Affected.

Every member of the brotherhood, whether an employe on a passenger, freight or mail train, is subject to the strike order. Brotherhood heads intimated last week that supply trains running to the Mexican border, some passenger trains and possibly some milk trains would be exempted. Now they declare that all trains will be tied up.

"We hope to tie up all freight and passenger trains," one of the leaders said.

The strike order is brief. It is addressed to all members of the four brotherhoods, is signed by the various general chairmen and reads as follows

"Sirs and brothers: This is to advise that the vote of the employes in train and engine service on the 8-hour day and time and one-half overtime proposition was overwhelming in favor of a strike.

"Notwithstanding this, your representatives have been unable to effect a satisfactory settlement and strike under the laws of the respective organizations becomes effective on Sept. 4, 1916, at 7 a. m.

"Impart this information so those interested will understand that they are to promptly obey."

Must Be No Violence.

On a separate sheet the duties of members and officers in the conduct of a strike are set forth. Particular emphasis is placed on conducting the proposed strike as peacefully as possible. Among the duties of members set forth are these:

"No man in road service involved in the strike will perform any service after the hour set to strike, unless he already has begun a trip and has actually left the terminal. If the train has left the terminal, he will complete the trip and deliver the engine and train at the end of the run or tieup point if they can under the law, after which he will perform no further service until the close of the strike. Men in other than road service will leave the service at the appointed time.

"So far as your legal right to strike is concerned, there is no difference between a mail train and a freight train You have identically the same right to refuse to perform service on a mail train as you have to refuse to perform service on a freight train.

"All men on strike will keep away from the company's property except such men as are designated certain duties to be performed by the authority of the organizations.

Laws of Land to Be Obeyed.

"Every man should understand that the laws of the land must be obeyed Acts of violence of any nature will not be tolerated by the organizations."

MELODRAMA AT TENT SHOW

"The Devil's Kitchen" Played to Well Filled Tent—"The Man Who Came Back" Tonight.

The Chase-Lister Stock company last night again pleased a well filled tent with a good melodrama, "The Devil's Kitchen." Good specialties were given between the acts. A four-act play, "The Man Who Came Back," will be presented tonight.

Smoking is not allowed in the tent but passout checks are given between the acts to those who wish to smoke. There is also a nursery where babies may be taken if they get restless and cry.

FOR THE FAIR WEEK

EVERYTHING BEING PUT IN ORDER FOR NEXT WEEK'S EVENT

RACE HORSES ARRIVING

Public Wedding to be One of Features — No Reduced Prices on Tickets After Friday.

The time for the fair is almost here and the fairgrounds are rapidly being put into shape. The track will be in excellent condition, as it is being graded and dragged every day. The extra grandstand is almost completed and several other necessary stands are being erected. Monday will be free day for every one and a large crowd is expected to start the week.

About eighteen horses are in Maryville already, and others will be coming from now until Monday. Some of the horses already here are from a great distance, even California and Texas being represented. Entries from other states have been received.

According to the fair officials, every day will be a big day, and no day has been set aside as a special feature day. In the mornings will be the stock and other exhibits, and five or six races will be run every afternoon. At night there will be several free acts and shows, including the educated horses, the Ferris wheel girls and the spiral ball tower.

Tuesday morning at 11 o'clock a public wedding will take place on a platform across the track from the stands. The names of the parties are not to be given out. The merchants of Maryville and the fair association will give wedding presents to the couple. This will be the third public wedding at a fair in Maryville in the last five or six years. The full plans have not been completed yet.

Friday is the last day on which season tickets for the fair may be bought at the reduced prices, adult tickets selling for $2.25 and children's tickets for $1.15. After that day a charge of 25 cents will be added to each ticket. The price of the adult ticket will then be $2.50 and of the children's ticket $1.40.

The fair association would like to have all business men close their stores from 1:30 to 5:30 o'clock each afternoon of Wednesday, Thursday and Friday during fair week. The authorities will attempt to get the merchants to agree to this proposition.

ACTION BY CONGRESS MAY DEFER STRIKERS

Six Thousand Freight Handlers Threatening to Quit Complicates Matters—Wilson to Appeal to Men

Special to The Democrat-Forum.

Washington, Aug. 30.—While congress mulled over the preventive strike legislation today, Judge Chambers, representative of the president, took active charge of the efforts of the brotherhood chiefs to defer action. He said he felt confident that the strike would not come off next Monday as scheduled, but admitted that to secure the postponement some action by congress would probably be necessary. Chambers believes the brotherhoods would abandon their proposed strike if congress would pass immediately the assurance of the 8-hour law and the law creating commission investigation.

Chief Garretson, when told of the reports in circulation that they had agreed to postpone the date of the strike thirty days, somewhat angrily replied:

"We have not been officially asked to postpone it. The strike order stands."

President Wilson is expected to make appeal to the brotherhoods. Only four railroad presidents are in town today.

The senate interstate commerce committee today voted to hold their hearings, beginning tomorrow, on the legislation proposed yesterday by Wilson.

"No power on earth except satisfactory settlement over the demands will prevent the general strike Monday morning," declared President Lee of the trainmen, following a conference with the secretary to President Wilson.

Chicago, Aug. 30.—"The strike is now inevitable," said Louis Hill, head of the Hill lines. "The situation is extremely grave. The matters at issue cannot now be readjusted. The demands are not within reason."

Chicago, Aug. 30.—Six thousand freight handlers will walk out at 1:00 o'clock today unless an agreement is effected between the Union heads and the railroads.

SO TRAINS CAN GO ON.

The Railroad Presidents Are Planning Ways to Break the Strike if It Begins.

Special to The Democrat-Forum.

Washington, Aug. 30.—Railroad presidents were hurrying back to their headquarters determined to break the impending strike, should congress fail to prevent it.

Although the railway presidents feel that in the face of President Wilson's suggestions for legislation the employes cannot afford to strike, they have not overlooked any element of preparation for the strike order.

Provision has been made to police every mile of track and yards of all the greater systems where the brotherhoods are particularly strong. No general agreement was reached today on the question of embargoes. With varying conditions each road was expected to act for itself.

Railway officials are making plans to operate trains with non-union men. Some of the officials said they would operate 25 per cent of the regular traffic.

MEMPHIS CREW IS RESCUED

900 Men on Board U. S. Cruiser Saved —Vessel a Total Loss—Number of Dead Unknown.

Special to The Democrat-Forum.

Santo Domingo, Aug. 30.—All the officers and sailors ,numbering 900, on board the Memphis, which was driven ashore on the rocks of the outer harbor by a suddenground swell yesterday, were rescued. The cruiser itself was a total loss. The bodies of several members of the crew who were returning from shore leave, were washed ashore. The exact number of the dead is not known.

The United States cruiser Memphis formerly was the armored cruiser Tennessee. Her name was changed May 20 last. Recently she has been doing duty in San Domingo waters in connection with the revolution.

The Memphis is of 14,500 tons and has a horsepower of 23,000. Her complement is 900 men. She is the flagship of the cruiser force of the United States Atlantic freet.

Capt. E. L. Beach commands the Memphis. Other officers on board include Lieut. Commander Y. S. Williams, Lieut. T. Wothers, Jr., Lieut. C. S. Jones and First Lieut. of Marines R. L. Shepard.

The Memphis was launched in 1904 at the Cramp Ship Building company's plant in Philadelphia. She had a speed of over 22 knots an hour. She is armored with four 10-inch, sixteen 6-inch, twenty-four 3-inch and four 6-pounder guns, and carried four torpedo tubes. She was 502 feet long on the water line, 75 feet beam and had a maximum draft of 26½ feet. In 1908 the cruiser, then the Tennessee, had a boiler explosion on board off Port Hueneme, Cal., in which seven men were killed.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.

And day by day these phenomenal 1916 increases are heaping up.

Besides—there were still left of this year 115 selling days,—4½ months.

This almost unbelievable feat of equalling, in 7½ months, the sales record of last year, proves the unequalled merit and actual economy of

Maxwell

F. O. B. DETROIT

Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

REMEMBER these important features, because they are not to be found on some of the lighter cars.

Maxwell cars have 3½ in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier.

Tires of *one* size mean that you have to carry only *one* size casing and *one* size tube.

Demountable rims, of course, are recognized as the best. They are on *all* good cars. Don't buy any car without demountable rims. If you do, you'll regret it.

These two features—along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it *the greatest automobile value in the world today.*

REED'S SPEECH IN SENATE

Missouri Senator Declares the Election of Hughes Would Mean War.

Special to The Democrat-Forum.

Washington, Aug. 30.—Reviewing the record of the Democratic administration, Senator Reed of Missouri told the senate yesterday the Republican party demanded a change, which, if granted by the people, would mean the precipitation of America into war and the undoing of national prosperity built up by industrial, commercial and banking reforms during the term of President Wilson.

"If Mr. Hughes is to be elected to the presidency," said Senator Reed, "then it is notice to all the world that America has repudiated Wilson's policy of peace for the Roosevelt-Hughes policy of war.

Wilson Man of Peace.

"Let the issue be not misunderstood. We know, the world knows, that Woodrow Wilson will maintain peace unless the nation's honor is assailed. Thoughtful men know that the president advised by Roosevelt, in accord and agreement with Roosevelt, will stir up war if war be possible."

Senator Reed referred to Mr. Hughes' criticisms of the administration policy and reviewed the utterances of Mr. Roosevelt since the war. He declared Mr. Hughes "in complete accord with a man who has persistently insisted we should have intervened against Germany when she invaded Belgium; in complete accord with a man who refers in coarse language to the president as a 'mollycoddle,' a man of 'weasel words,' in complete accord with a man who falsely asserts that we were bound by treaty to engage in the conflict against Germany; in complete accord with a man who demands universal military service, and war preparation upon a scale not hitherto dreamed of."

"Go West," His Invitation.

Senator Reed invited the country to "explore that delightful country" which he said Mr. Hughes had characterized as a "fool's paradise." The Missouri senator then gave figures to show that bank deposits increased in President Wilson's first three years 29.5 per cent, or $5,985,464,675; that bank resources increased 37.6 per cent, or $7,699,400,000, and that resources reached an aggregate of $28,329,395,000.

"The actual increase under Wilson," said Senator Reed, "was nearly four times as great as under Roosevelt and almost three times as great as under Taft."

Jenny Lind as a Child.

Jenny Lind as a child of three years was the lark of her parents' house. As a girl of nine she attracted the attention of all lovers of music and entered the Stockholm conservatory as a pupil. Her continuous studies at so tender an age caused the sudden loss of her voice, and for four full years she pursued her theoretical and technical studies, when suddenly the full, sweet sounds came back, to the delight, as every one knows, of thousands for many years.

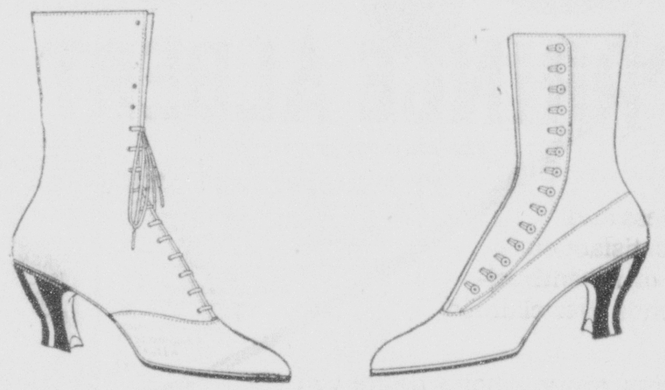
Fine Fall Footwear



OUR FALL showing of fine footwear is now ready. The best fashion designers of the world have worked with us in producing exclusiveness in women's footwear

We have selected our styles with the greatest care and with your pleasure and comfort in mind—first of all.

The two-tone gray and the mahogany and ivory are the leading novelties, while the fine shoe-soap kid, glazed kid, dull kid and soft patent kids are most favored by conservative buyers.

The button and lace are both in evidence. Tops are not as high as the spring styles were on account of skirts being worn a trifle longer.

The new shoes we have on exhibit are the "best ever", and prices are very moderate for the quality we are offering.

Come in early—we want you to see these new shoes whether you buy or not.

Secret agents of the Santa Fe railway company are working near Lathrop in an effort to apprehend unknown persons who have been poisoning war horses enroute to eastern ports for the Allied armies. More than 10,000 horses a month are leaving Lathrop over the Santa Fe, and recently many have died from arsenic poisoning between that point and their first stop at Covington, Ky. These losses have already cost the British government over $100,000, according to recent estimates.

After a busy life as roadmaster on the Chariton-St. Joseph branch of the Burlington railway, William C. Himelrich had settled down to the quiet enjoyment of farm life near St. Joseph. Last Sunday evening, while bringing the cows from the pasture he was struck by lightning and instantly killed.

E. G. Orear and T. L. Wilderman drove to Burlington Junction this afternoon.

TO COMMEMORATE BATTLE

Speeches and Exercises to Be Held at 140th Anniversary of Conflict of Long Island.

Brooklyn, N. Y., Aug. 30.—Speeches by prominent men and exercises of patriotic character will commemorate the 140th anniversary of the battle of Long Island tomorrow. The ceremonies will take place in Prospect park, where one part of the engagement was fought.

Markers have been erected at various points to show the line of march of the continnentals, who fought hard and then retreated before superior numbers of British regulars.

Killed by the three inch rain which visited Kirksville recently, 202 sparrows were counted within a single block. Other birds fared no better, and the Kirksville Express believes that thousands were killed in that city.

Prince Albert gives smokers such delight, *because*

—its flavor is so different and so delightfully good;
—it can't bite your tongue;
—it can't parch your throat;
—you can smoke it as long and as hard as you like without any comeback but *real* tobacco happiness!

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30TH, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

the national joy smoke

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

YOU'LL find a cheery howdy-do on tap no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The toppy red bag sells for a nickel and the tidy red tin for a dime; then there's the handsome pound and half-pound tin humidors and the pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such bang-up trim all-the-time!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

people. They know the country is on a permanently prosperous basis. They are estopped by the new banking law from bringing about a panic and thus deluding the people. They dare not denounce the achievements of Congress under Democratic control, because some of their representatives voted for all the important legislation. They are in desperate straits for an issue. Mr. Hughes has been running about the country complaining because a few Democrats have been appointed to office, pleading for a tariff to protect eleven cent hogs and one dollar and a half wheat, and flirting with the suffrage vote of the far west.

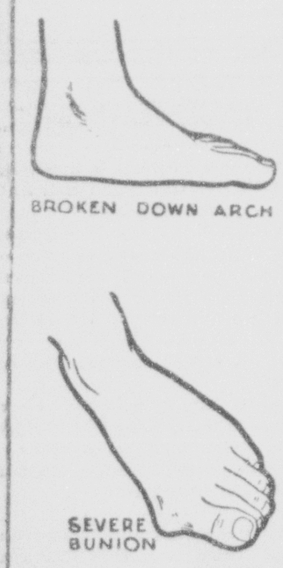
COMMON FOOT AILMENTS



ANNOUCEMENT

For the benefit of our customers, a celebrated Chicago Foot Specialist, will give a two day Free Demonstration of Scholl's Foot Comfort Service at our store

August 31, September 1-2

If you have any foot troubles, if your feet ache or pain, if you tire easily; if you have any foot deformity, cousult him. There will be **No Charge** for his services nor will you be obliged to purchase your shoes here.

This New Department is for your Benefit

For months we have been preparing for this new feature of added service to our customers and to people who have experienced difficulty in being fitted, or whose feet have been tortured, in order to bring relief to all foot sufferers.

Our salesmen have been under special training not only in fitting foot gear but also in the proper methods of correction of foot troubles by Dr. Scholl's methods and with his appliances which are recognized as the greatest scientific discovery in the history of foot ailments. We aim to have this store known as the store of this city where perfect foot comfort service can be had.

Henceforth This Store Will Give Scholl's Foot Comfort Service There's a Scholl Appliance for every Foot Ailment or Deformity

No matter what your foot trouble may be, no matter what remedies you may have tried, no matter how hard you may have sought to get relief you can now come to this store knowing that your foot troubles are at an end. Even if you have been wearing arch supports come in and show your feet to the specialist.

Here are some foot troubles and the proper Scholl devices and preparations for their correction:

Broken Down Arches—Scholl's Tri-Spring Arch Supports correct this trouble and even the most severe cases of flat-foot.

Cramped Toes and Hammer Toes—Scholl's Foot Easer, properly fitted, holds up foot arch, prevents crowding forward and cramping of toes. Scholl's Hammer Toe Spring for hammer toes.

Corns—Scholl's Absorbo Pads—a shape and size for each toe. Scholl's Fixo Corn Plasters remove corns in 48 hours.

Over and Underlapping Toes—Scholl's Toe Flex Prevents this trouble by holding toes straight.

Weak Ankles—Scholl's Foot-Easer firmly holds up the weakened ankle by supporting the arch correctly. For children or adults.

Extreme High Insteps—Scholl's Tri-Spring Arch Supports are fitted to equalize and distribute the weight. Take pressure off the ball and make shoes fit better.

Severe Bunions—Scholl's Bunion Right straightens the toes during the daytime while you wear Scholl's Bunion Spring at night which acts as a lever to bring them back into place. Scholl's Bunion Reducer is a shield of antiseptic rubber which takes the pressure off the enlarged joint and reduces the inflammation.

Callouses on Soles of Feet—Scholl's Anterior Metatarsal Arch Support holds up the transverse arch of the foot, relieves callouses, metatarsologia and Morton's Toe. Absorbo Callous Pads relieve pressure and stop the pain.

Take Advantage of This Specialist's Free Advice

Don't hesitate to take advantage of this Foot Specialist's visit and FREE demonstration whether you are one of our customers or not. He is here to help all foot sufferers and his services and advice are free with no obligation on your part to buy your shoes here.
